COPY NO. 3

1 July 1952

25X1A
MEMORANDUM FOR: [REDACTED]

Executive Officer, ODD/I

SUBJECT:

The IAC-D-43 Memorandum for DD/I from AD/CD

Per your request we have checked on the two questions raised by Mr. Becker concerning the attached and wish to provide the following:

1. The phrasing of paragraph 3 is in accordance with the limited sphere of responsibility which I&S exercises in such matters. Present practice places the responsibility on OGO and the producing offices in such cases to determine and recommend what material from a substantive standpoint should be disseminated. These recommendations in turn are reviewed by OCD. I&S is concerned only from the standpoint of disclosure of source, MIC policy, and security of recipient. This division of responsibility appears to be sound inasmuch as I&S recognizes it is not qualified to determine the interest of recipients or the appropriateness of release of materials from a substantive standpoint. We have discussed this matter with [REDACTED] I&S, and [REDACTED] OCD, and both concur in the appropriateness of the present delineation of responsibilities.

2. [REDACTED] I&S, advises that the reports recommended for release have been reviewed by I&S for MIC policy and are in accordance therewith.

[REDACTED]
Acting Assistant Director
Intelligence Coordination
